

GH Tech Irrigation

Introducing GH Tech GreenTape® & GH Tech GreenSlim®

At GH Tech, we are committed to providing innovative irrigation solutions that help growers maximise efficiency, reduce water consumption, and improve crop performance.

GH Tech GreenTape®

Our premium drip tape is ideal for growers looking for an economical and efficient irrigation solution for seasonal crops.

Key Benefits:

- Uniform water distribution
- Excellent clog resistance
- High-quality European manufacturing
- Strong and durable construction
- Improves water-use efficiency
- Reduces labour and maintenance costs

Recommended Applications:

- Open field crops
- Protected crops
- Vegetable production
- Row crops

Wall Thickness	6 mil (0.15 mm) & 8 mil (0.20 mm)
Flow Rate	1 L/h
Emitter Spacing	20 cm & 30 cm
Roll Length	
6 mil (0.15 mm)	3,000 m
8 mil (0.20 mm)	2,200 m

GH Tech GreenSlim®

Our premium thin-wall dripline has been developed for growers who require dependable irrigation performance with superior reliability.

Key Benefits:

- Precision emitter technology
- Consistent flow rates
- Excellent durability
- Superior clog resistance
- Designed for maximum irrigation efficiency
- Suitable for a wide range of crop applications

Recommended Applications:

- Open field crops
- Protected crops
- Vegetable production
- Commercial farming operations

Wall Thickness	6 mil (0.15 mm) & 8 mil (0.20 mm)
Flow Rate	1 L/h & 2 L/h
Emitter Spacing	30 cm & 60 cm
Roll Length	
6 mil (0.15 mm)	3,050 m
8 mil (0.20 mm)	2,700 m
